### Short Form *specification*

Unit to be Falcon F900 Series gas boiling pan having a 100 litre capacity pan to be supplied upon adjustable feet.

Burner with flame failure device as standard to guard against being extinguished accidentally.

The hob will be constructed from 2mm 304 grade stainless steel. Hobs will be laser cut with right-angled edges to allow joining of units with no gaps between hobs.

Exterior panels are Scotch Brite finish stainless steel. Control knobs to be marked showing gas positions and to have a bezel behind each knob to prevent water ingress.

Unit will be for use with natural, propane or butane gas and be supplied with conversion kit.

### Installation note

Please consult local legislation with regard to installation of cooking equipment.
