

FALCON 350

Product Overview

Flexible and Compact

This compact medium duty equipment provides you with flexibility, versatility and performance. Whether you're starting a project from scratch or retro-fitting an existing space, Falcon 350 is the ultimate equipment solution.

Falcon 350's varied product portfolio includes ranges, fryers, chargrills, boiling tops and griddles. Most are available as either gas or electric and in two widths, allowing efficient use of available space without compromising on quality.

Fully compatible with standard gastronorm containers and finished in easy to clean stainless steel, the Falcon 350 series also includes heated and unheated cupboards, worktops and stand units to complete the ideal compact kitchen.

Why Choose Falcon 350 Series?

Versatile

Gas or electric, 350mm or 700mm wide, countertop or freestanding, this extensive product portfolio has everything you need to make the most efficient use of the available kitchen space.

Practical

Falcon 350 Series is one of the most compact equipment systems to be fully compatible with standard gastronorm containers.

A wide selection of cupboards and base units provide invaluable holding and storage space.
